Common Advanced More than a Point Under the Aggressive Lead of Big Financier.

GENERAL LIST STRONG.

St. Paul and Missouri Pacific Were Features of the Railways - Coalers Developed Firmness on Strike News.

Influential market interests dominated by J. P. Morgan turned the tables on the members of the bear pool in United States Steel stocks. Under the aggressive Morgan lead

Steel common advanced 11-4 per cent in the early trading, and the preferred gained a point.

This was the only feature of an other-wise dull market in which the list showed decided strength on a small vol-

siderable influence on the general list was exerted by the semi-official statement of the big increase in the earnings of the Steel Trust, but the an factor was the support given

by Morgan lieutenants.

Speculation was helped and the general strength of the entire list promoted by the forecasts of the bank statement, all of which were good. Strong features of the railway list were St. Paul, Missouri Pacific, M., K. & T. preferred, Erie, Reading, Louisville & Nashville, Illinois Central and

The anthracite coalers were helped by the report of the dissensions among the coal operators on the question of Aggressive buying of the Gould

stocks was continued under the stimulus of greatly improved crop prospects and the publication of new plans for ex-tions and betterments of the Gould sys-

An attempt made by shorts in Canadian Pacific resulted in an improve-ment of over 1 per cent, and an in-creased strength on all offerings. The market refused to be frightened

by predictions of gold exports in the near future and showed no apprehension over money rates. There were no features in the indus-

trial list outside of Steel.

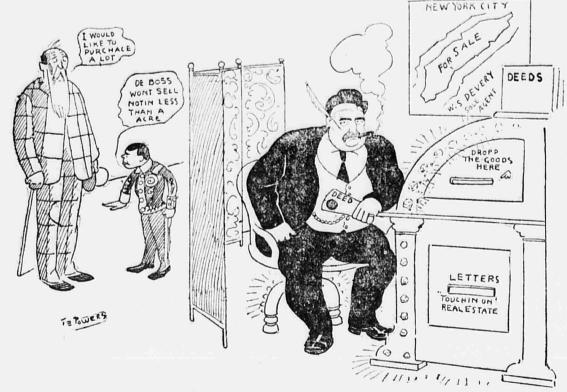

The closing was dull at about the lowest prices of the day. The total sales of stocks were 189,000 shares and of bonds \$900,000.
